

# Certified Alliance Partner Validation

## Canopy Systems – a division of A<sup>4</sup> Health Systems, Inc

Successfully completed the validation process and requirement; supporting their ability to satisfy the contractual obligation of an Alliance Partner to be solely responsible for the installation, support and maintenance of the Interface Software and Enhanced AP Software. The McKesson Validation Process is conducted in a controlled environment. McKesson does not warrant to AP, Licensees, or Prospective Licensees that successful completion of the Validation Process and delivery of the Validation Certificate will necessarily lead to successful performance of the Interface Software or the Enhanced AP Software in the licensee's environment.
